Dear Sir:

RESPONSE

This is in response to the Office Action dated March 27, 2006 for the above-identified application

REMARKS

Claims 1 - 8 are pending in the Application. Claims 1 and 5- 8 are withdrawn from consideration but subject to rejoinder. Claims 2-4 are rejected.

Rejection under 35 USC §112, first paragraph

Claims 2-4 are rejected under 35 USC §112, first paragraph because the specification does not reasonably provide enablement for all the cyclopropanes as claimed.

The compounds of structures I, II, III, and IV are materials which have been disclosed in granted patents or pending patent applications. Compounds of Structure I have been disclosed in US Patents No. 5,518,988, 6,194,350, 6,313,068 and PCT Publications No. WO 2002068367 (USSN 10/645,431) and WO 2002067678 (USSN 10/645,427). Compounds of Structures II, III, and IV have been disclosed in PCT Publication No. WO 2002068609 (USSN 10/645769). The instant Application is to cover methods of preparing such known compounds using a variety of
